There were times when I was  
scolded for my old habits,  
and times when I was  
allowed to return to the same  
scene with a free conscience,  
and that too, only for a short  
period of time. I was never

allowed to become comfortable with the stock market. We had teachers who would assign readings on the subject and other topics. This was usually done at a high school level, and the books would vary from topics like mathematics, history, geography and all the other standard subjects. The problem with that approach, is that we were already taught the basics, when we first sat down with the subject. So we were forced to learn it all over again, when we were already
