Hills - good food/restaurant My husband and I are leaving the following weekend on a trip to California and would like to have a nice meal, but don't want to spend a fortune. I work in Culver City, and he's in Beverly Hills, so when we were in L.A. a few years ago we enjoyed some great Mexican food. Any suggestions? The restaurants we enjoyed the most were Tampico, Al Madrigal, and El Entrelac, although we can't remember the names of the places. We'll be in the Beverly Hills area, but not staying in any specific hotel. Thanks! - Sarah Recommended From Chowhound Aline Soler has already lost her husband, Bruno, to cancer.
