I am glad I read this article because I learned that you can also customize the videos to help you watch Blu-rays on your laptop or smartphone. Also, it does what it's supposed to do; it rips the Blu-ray to various video formats. 4Videosoft Blu-ray to MP4 Ripper Based on 4Videosoft Blu-ray to MP4 Converter's rating and user review, I would rate this application 4Videosoft Blu-ray to MP4 Ripper as excellent- Quality of the ripped movies is great, speed is fast. Thank you for reading the article. Downloading the free trial version of the 4Videosoft Blu-ray to MP4 Ripper is the best way to try the software and check out if it can meet your needs. Also, you can download the newest version by clicking on the icon on the right side. It's available as a portable and standalone application. I tested the free trial version for about one day and I found it was pretty good. I never ran into any issues with it. The quality of the ripped movies is great. The only thing that is not really accurate is the watermarking tool. It is easy to use but sometimes the watermark is not accurate. I am satisfied with the free trial version and I will be buying the full version if it's not too expensive.
