JUST A FEW ADVANTAGES OF GETTING A CPN PACKAGE FROM US:

We have many people wanting a CPN Package to get into an apartment, rent a house or buy an automobile.

With our Basic CPN Package or above they enjoy **only paying 1<sup>st</sup> months rent and a low or no security deposit.**

Why is this?

When you have a credit score above 690 typically and **you have a good background with no evictions you get the best move-in deals.**

Another reason people enjoy getting [CPN Tradelines](#) Packages from us is when applying for an automobile and getting **low interest rates on loans.**

The money you pay for a CPN Package becomes minuscule compared to all the interest, fees and down-payments people have to pay with bad credit to get into an apartment or auto.

Please keep in mind anyone including us that sell “same day cpn packages” may be able to get you the new [CPN Generator Software Free](#) Package file **HOWEVER**, your public records will not be indexed immediately. It usually takes 10 days for all the Public Records Submissions to populate into the national databases.

That is why we recommend at a minimum our **Basic CPN Package or above.** Not only do you get a great credit score and **file you can build on with confidence**, but 7 day support as well.

Our CPN Package credit privacy file numbers are generated from our **CPN Software algorithm that has been validated by a team of attorneys to assure compliance.**

We **DO NOT** sell CPN Packages with Credit Privacy Numbers that come from dead people, children or any living entity period.

We make sure our clients are educated and confident in using their new credit file [CPN Tradeline Packages](#) for many years to come.
