

# Residential

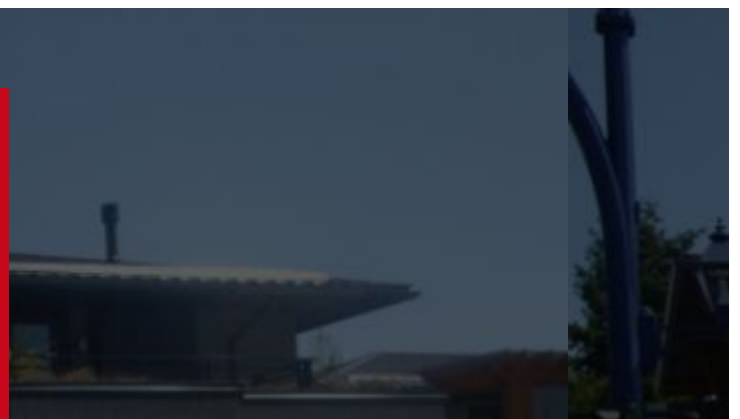

Home / Residential

Your roof is one of the most important parts of your home building, It protects you from the elements, keeps your building warm in winter and cool in the summer, and adds curb appeal. When your roof is damaged, it can lead to leaks, water damage, and even structural problems. That is why it is important to have your roof inspected and repaired regularly.

At New World Roofing, we are a leading provider of residential roofing services in British Columbia. We offer a wide range of services, including new roof installation, **roof repairs**, and roof inspections. We are committed to providing our customers with the highest quality service at an affordable price.

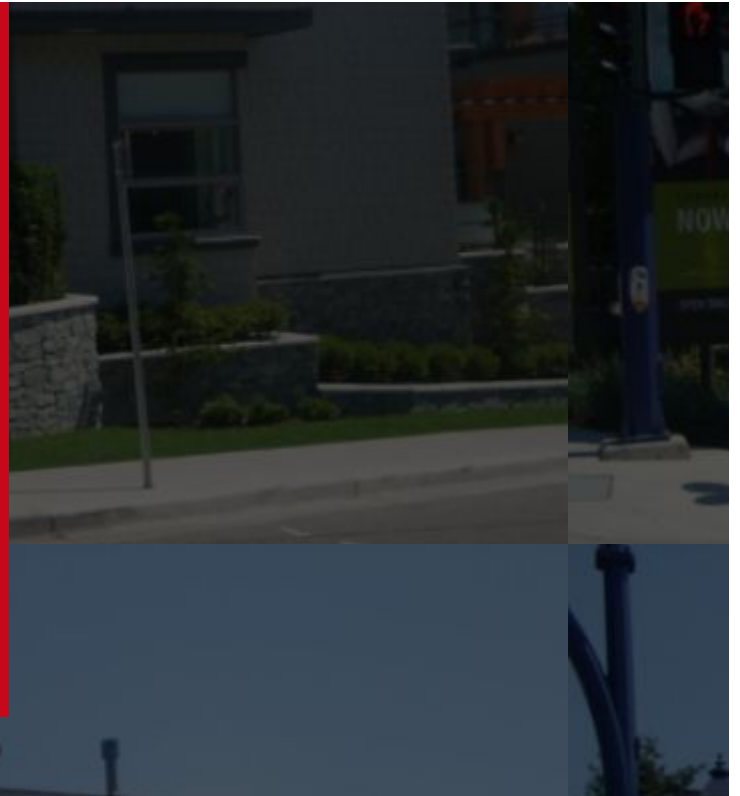

## Why Choose Us?

There are many reasons to choose New World Roofing for your residential roofing needs. Here are just a few.

We are a trusted and experienced roofing contractor. Our team of certified roofers is an expert in all types of roofing materials and techniques. Our company offers a wide range of residential roofing services. We are licensed and insured contractors. We offer competitive pricing and guarantee satisfaction with all our work.

## Our Services

We offer different residential roofing services, including:

### New Roof Installation

We can install a new roof for your home building using a variety of materials, including asphalt shingles, metal roofs, and tile roofs. We will work with you to choose the right material for your home and your budget.

## Roof Repairs

We can repair any damage to your roof, such as leaks, missing or damaged shingles, and sagging or bowing roofs.

We use the most advanced techniques to ensure that your roof is repaired properly and that the damage does not recur.

## Roof Inspections

We can inspect your roof to identify any potential problems and recommend repairs or replacements. We will also provide you with a written report of our

findings so that you can make an informed decision about the best course of action for your home.
